

# **Whole Class Ensemble Tuition**

**Year 5 and 6 have an amazing opportunity this year!**

Whole Class Ensemble Tuition (WCET) is an exciting programme that involves the whole class learning to play a musical instrument together. The children take part in a range of activities that develop musical skills, knowledge and understanding. This builds an excellent foundation for learning music.

**Research shows that musical learning also helps improve numeracy and literacy, personal, social and physical development, and general health and wellbeing.**

Music Partnership North provides instrumental tutors and instruments to schools who 'buy in' the WCET sessions. **There is no charge to parents.**

This year the children will be having violin lessons with Jim Boyle.

**Children have the opportunity to build on the WCET experience by taking up small-group or individual lessons on a range of instruments.** Further information music lessons and cost is available from the school office.

We hope your child enjoys these sessions and the wide-ranging benefits we know music education has to offer.
